

PLASTIC COMPARTMENT VENTILATOR

REF: BT4

BT4

CROSS SECTION THROUGH VENT

General

Ultra slim ventilator. Suitable for internal and external use and may be used each side of doors, compartments and joinery applications down to 25mm (1") in thickness.

- Slim flush/face fit design is aesthetically pleasing.
- Provides high amount of free area.
- Complies with all current British Standards.
- Large flange to save on making good.
- Fly screen versions are available on request, however the vent free area will be reduced by approximately 25%
